Francesc Rifé
Designer

[eng] Interior and industrial designer, Francesc Rifé founded his own studio in Barcelona in 1994. Influenced by minimalism and following a familiar tradition linked to craftsmanship, his work focuses on ways of approaching material honesty, spatial order, and geometric proportion.

Francesc Rifé & the Sea Inspiration

Pols Collection

'A concept that shows us how to conceive of new materials linked to the nature of the environment, aesthetics in balance and timelessness.'

[eng]

Francesc, what is Pols?

Out of nostalgia for terrazzo and passion for the Mediterranean comes this collection of peaceful and quiet colors that seeks to capture the emotion of the sea through sand and seashells. A concept that shows us how to conceive new materials linked to the nature of the environment, aesthetics in balance and timelessness.

Pols designer collection

And what inspired you to create this collection?

The Pols collection is entirely based on the essence of the Mediterranean. The concept of transforming terrazzo, aggregates and seashells into a material that can be used in residential and contract spaces.
